

Dashboard	Metric	Sub-Metric	Column Name	Description	Data Type
University Overview	Top university rankings	Rankings Display	university_id	Unique identifier	Integer
	Top university rankings	Rankings Display	university_name	Official name of the university	String
	Top university rankings	Rankings Display	world_rank	Global rank position	Integer
	Top university rankings	Rankings Display	national_rank	Rank within the country	Integer
	Top university rankings	Rankings Display	overall_score	Composite performance score	Float
	Top university rankings	Rankings Display	year	Data collection year	Integer
	Global university data	Geographic Distribution	university_name	Official name of the university	String
University Overview	Global university data	Geographic Distribution	country	Country where the university is located	String
University Overview	Global university data	Geographic Distribution	region	Geographic region	String
University Overview	Global university data	Geographic Distribution	city	City of the university	String
University Overview	Academic reputation	Reputation Score	university_name	Official name of the university	String
	Academic reputation	Reputation Score	academic_reputation	Academic reputation score	Float
	Academic reputation	Reputation Score	employer_reputation	Employer reputation score	Float
University Overview	University performance	Trend Analysis	university_id	Unique identifier	Integer
	University performance	Trend Analysis	university_name	Official name of the university	String
	University performance	Trend Analysis	year	Data collection year	Integer
	University performance	Trend Analysis	overall_score	Composite performance score	Float
	University performance	Trend Analysis	world_rank	Global rank position	Integer
University Overview	Institutional comparison	Compare Universities	university_name	Official name of the university	String
	Institutional comparison	Compare Universities	overall_score	Composite performance score	Float
	Institutional comparison	Compare Universities	academic_reputation	Academic reputation score	Float
	Institutional comparison	Compare Universities	citations_score	Citation performance score	Float
	Institutional comparison	Compare Universities	university_type	Public or Private	String
Research Analytics	Publications analysis	Publication Metrics	university_name	Official name of the university	String
	Publications analysis	Publication Metrics	publications_count	Total number of publications	Integer
	Publications analysis	Publication Metrics	year	Data collection year	Integer
Research Analytics	Publications analysis	Publication Metrics	subject_field	Primary academic field	String
	Citation performance	Citations Metrics	university_name	Official name of the university	String
	Citation performance	Citations Metrics	citations_count	Total citation count	Integer
Research Analytics	Citation performance	Citations Metrics	citations_per_faculty	Average citations per faculty member	Float
	Citation performance	Citations Metrics	citations_score	Citation performance score	Float
	Research productivity	Productivity Trends	university_id	Unique identifier	Integer
Research Analytics	Research productivity	Productivity Trends	year	Data collection year	Integer
	Research productivity	Productivity Trends	publications_count	Total number of publications	Integer
	Research productivity	Productivity Trends	citations_count	Total citation count	Integer
Research Analytics	Top research institutions	Top Institutions	university_name	Official name of the university	String
	Top research institutions	Top Institutions	research_output	Composite research output score	Float
	Top research institutions	Top Institutions	citations_count	Total citation count	Integer
Research Analytics	Research impact	Impact Comparison	university_name	Official name of the university	String
	Research impact	Impact Comparison	h_index	University H-index	Integer
	Research impact	Impact Comparison	citations_per_faculty	Average citations per faculty member	Float
	Research impact	Impact Comparison	research_output	Composite research output score	Float
	Research impact	Impact Comparison	research_productivity	KPI: Publications per faculty member	Float
Student Analytics	International student enrollment	International Student Data	university_name	Official name of the university	String
Student Analytics	International student enrollment	International Student Data	total_students	Total enrolled students	Integer

Student Analytics

Student Analytics	International student	International Student	international_students	Number of international students	Integer
Student Analytics	International student	International Student	international_students	Percentage of international students	Float
Student Analytics	Faculty-to-student ratio	F/S Ratio	university_name	Official name of the university	String
Student Analytics	Faculty-to-student ratio	F/S Ratio	faculty_count	Total academic faculty	Integer
Student Analytics	Faculty-to-student ratio	F/S Ratio	total_students	Total enrolled students	Integer
Student Analytics	Faculty-to-student ratio	F/S Ratio	faculty_to_students	Student to faculty ratio	Float
Student Analytics	Student diversity	Diversity Trends	university_name	Official name of the university	String
Student Analytics	Student diversity	Diversity Trends	gender_ratio	Gender distribution	String
Student Analytics	Student diversity	Diversity Trends	female_percentage	Percentage of female students	Float
Student Analytics	Student diversity	Diversity Trends	male_percentage	Percentage of male students	Float
Student Analytics	Student diversity	Diversity Trends	year	Data collection year	Integer
Student Analytics	Enrollment comparison	Enrollment Data	university_name	Official name of the university	String
Student Analytics	Enrollment comparison	Enrollment Data	total_students	Total enrolled students	Integer
Student Analytics	Enrollment comparison	Enrollment Data	year	Data collection year	Integer
Student Analytics	Student distribution	Distribution	university_name	Official name of the university	String
Student Analytics	Student distribution	Distribution	country	Country where university is located	String
Student Analytics	Student distribution	Distribution	total_students	Total enrolled students	Integer
Student Analytics	Student distribution	Distribution	degree_level	Undergraduate/Postgraduate	String
Student Analytics	Student distribution	Distribution	undergraduate_count	Number of undergraduate students	Integer
Student Analytics	Student distribution	Distribution	postgraduate_count	Number of postgraduate students	Integer
Country Comparison	Country ranking	Rank Comparison	country	Name of the country	String
Country Comparison	Country ranking	Rank Comparison	country_avg_rank	Average rank of the country	Float
Country Comparison	Country ranking	Rank Comparison	universities_rank	Number of ranked universities	Integer
Country Comparison	Country ranking	Rank Comparison	best_university_rank	Best rank achieved by a university	Integer
Country Comparison	Education performance	Benchmarking	country	Name of the country	String
Country Comparison	Education performance	Benchmarking	country_avg_overall_score	Average overall score	Float
Country Comparison	Education performance	Benchmarking	country_avg_academic_score	Average academic score	Float
Country Comparison	Education performance	Benchmarking	country_avg_citation_index	Average citation index	Float
Country Comparison	Regional education	Regional Trends	region	Geographic region	String
Country Comparison	Regional education	Regional Trends	year	Data collection year	Integer
Country Comparison	Regional education	Regional Trends	country_avg_overall_score	Average overall score	Float
Country Comparison	Top performing countries	Top Countries	country	Name of the country	String
Country Comparison	Top performing countries	Top Countries	best_university_rank	Best rank achieved by a university	Integer
Country Comparison	Top performing countries	Top Countries	country_avg_overall_score	Average overall score	Float
Country Comparison	Top performing countries	Top Countries	country_avg_international_students	Average international students	Float
